This webpage provides access to everything you will need to successfully launch your business in the next 30 days. While we obviously cannot guarantee your results, you will see how you could make \$1000 in your first month working part time.

Click on the link above and go to section “B” for access to the two tools you will need to complete your business planning assignment. We recommend you set aside 30-60 min. to complete the *Getting Started System* training and call your sponsor to schedule a follow-up meeting within the next 24 to 48 hours.

Getting Started Training Audio

Track Two of the *Member Welcome CD* from Team Crown (this is NOT the same as the Life Force Welcome CD)

Simply follow the audio instructions as you fill out the form. When you are done, call your sponsor to schedule the first of two follow-up meetings. If someone asks you what you are up to before then, let them know you just started and will call back in a couple of days.

The first meeting will be devoted to reviewing your *Getting Started System* booklet and prospect list, and answering any questions you may have. The second meeting will focus on practicing the simplest and easiest methods for inviting these people to take a look at our business and products.

Here are some useful clarifications regarding the *Getting Started System Manual*:

Step 6 – Use Your Upline Support Team

Ask your sponsor to provide contact information for your upline support team, if you have not already received this. Your sponsor will set up three-way calls to introduce you to your upline support team at your first meeting.

Step 7 – Use the Life Force Business Building Tools

These tools are available at <http://teamcrown.net/tools>

If you intend to build quickly, we suggest the \$99 package. All profits from this site are dedicated to the ongoing production of improved prospecting and training tools.

Step 8 – Learn the Life Force Compensation Plan Basics

Go to <http://teamcrown.net/gettingstarted> and download #7–*The New Member Guide* and review the *Compensation* sections. Make a note of any questions you may have.

This document also has other useful information, including a Prospect Memory Jogger that can be helpful for completing Step 9.

TOP TEN REASONS TO CHOOSE LIFE FORCE

- 1) Financial strength—debt free with Dun & Bradstreet's highest credit rating. Life Force International (LFI) is a stable, privately-owned business, free from shareholder pressure to generate short term profits.
- 2) LFI does its own manufacturing. This supports quality control and competitive pricing. Life Force is GMP (Good Manufacturing Practices) certified. This places it in the top two percent for cleanliness, employee education and training, production process controls, as well as plant design and construction. After 25 years in business, there has never been a backorder.
- 3) LFI enjoys a reputation for integrity, including long-standing membership in the Better Business Bureau with no significant consumer complaints in 25 years.
- 4) There is objective proof that the products work—including a large body of conclusive science pointing to the effectiveness of aloe vera and sea vegetables in supporting human health and well-being (see <http://teamcrown.net/library>). Life Force products have a 25-year proven track record for attracting loyal customers. For the first 12 years, Life Force products were sold only directly through doctor's offices. Over 6000 professional health care offices have endorsed Life Force products.
- 5) The typical customer to member ratio is 70% customers to 30% members—reflecting a stable and loyal customer base for reliable long-term income.
- 6) Body Balance is a great tasting, highly-assimilable, whole food liquid, based on sea vegetables and aloe vera. There are no absorption or pill fatigue issues. Consumers (including children) look forward to taking their product every day.
- 7) Members enjoy the highest net payout compensation plan at just under 60%. Compare this to network marketing industry averages of 38-42%.
- 8) The compressed compensation plan (40% on the 2nd level) and 55% Fast Start bonuses provide very fast earning potential for new business builders.
- 9) New Members enjoy free membership, low start-up costs and very modest monthly minimums. This reduces risk and maximizes gains.
- 10) Team Crown—consisting of a senior team of experienced leaders with strong track records for building and holding residual income—provides a professional and duplicable business system and world class training.
